PNEUMONIA IS QUICKLY FATAL

W. H. Murphy, One of Lincoln's Most Prominent Farmers, Dies While Visiting in Danville.

The news of the death of Mr. W. H. Murphy, at the home of his friend, F. K. Tribble, in Danville Friday night was received here early Saturday morning and there was a genuine feeling of sorrow, both for the departed and those who were near and dear to him. Less than a week before the fatal night, Mr. and Mrs. Murphy went from their home out on the Hustonville pike to visit Mr. and Mrs. Tribble and he was stricken almost immediately on his arrival with pneumonia. His feeble body could not long withstand the ravages of that and other diseases which were troubling him and from the start it was believed that he would not recover. While conscious up to the end, his brother, John S. Murphy, tells this paper that he talked very little. He was prepared spiritually for the end, and the only regret he had was leaving the loved ones behind.

Mr. Murphy was 62 years of age and is survived by his wife, who was Miss Bettie Powell, of the West End, and five children. The children of his first wife, who was Miss Kate Singleton, a niece of the late Joseph McAlister, are Joseph H. Murphy, of McKinney, Texas, Mrs. Lewis Andrews, of Sherman, Texas, and Miss Sue Whitley Murphy, now teaching at Gooding, Idaho. Those of his last wife are Miss Katharine, eight years old, and Master J. Smith, four. He is also survived by the brother mentioned above and two sisters, Mrs. Lizzie Rice, of Denver, Colorado, and Mrs. Nora Goodnight, of this city. In their irreparable loss each and all of them have the sympathy of a wide circle of friends.

Deceased was a son of the late 'Squire John' S. Murphy, for years one of the wealthiest and most prominent men of the county. The elder Murphy, who was the first president of the First National Bank of this city, died a number of years ago, leaving a good name and a considerable fortune to his children. He was a successful farmer and owned the magnificent place he lived on some four miles from Stanford on the Hustonville pike. There were few better farmers than he, while as a breeder of fine saddle horses, he was widely known.

For nearly 45 years he had been a member of the Christian church, his membership at his death being with the church at Turnersville, where he took much interest in the various duties incumbent upon him. He was a kind-hearted, clever man; scrupulously honest, and exceedingly firm in his convictions. He died right as he saw right, and if he erred, it was of the head and not of the heart.

He will be missed by the citizens of the county generally and his place as a citizen will be hard to fill. May the soul lie gently on his grave and a merciful God comfort the sorrowing ones in their dark hour.

The funeral is being preached this afternoon at his late home, by Rev. Mont Gubhart, pastor of the Turnersville and Moreland Christian churches, after which the remains will be laid to rest in Buffalo cemetery.

Woman's Club News

The Woman's Club will meet on next Wednesday afternoon, April 26, at 2:30 o'clock. A full attendance is urged since there is much important business to be discussed by Club members. The program will be as follows:

New England Poets: Oliver Wendell Holmes; Sketch, Mrs. W. K. Warner. Reading from Holmes: Chambered Nautilus, Margaret Shanks. Henry Wadsworth Longfellow and Alfred Tennyson Compared, Mrs. Foster. Reading from Longfellow. Quotations from contemporary English writers: The Club.

Plans are being made by the Woman's Club of Stanford to send a good representation, if possible to the annual convention of the Kentucky Federation which will be held at Maysville, May 17, 18 and 19. Mrs. E. C. Walton, is the official delegate from this club, and among others who are planning to attend are Mrs. S. M. Saffley and Mrs. J. G. Carpenter.

Much interest has been aroused among the club women of Kentucky in the effort to elect Mrs. James A. Leach, as a member of the directorate of the General Federation at the Biennial convention to be held in New York. The Kentucky Federation is presenting the name of Mrs. Leach as its candidate for this distinguished honor and pointing to her many eminent qualifications for such a distinction. She will have the hearty endorsement of the Kentucky delegation at the national convention.

MRS. NOE SELLS SADDLE HORSE

Mrs. Hue M. Noe sold Saturday to a New York party her handsome saddle gelding for \$400. The animal is of Red Bird stock, is four years old and as handsome as a picture. The deal was made through Allen Edelen, the well-known saddle horse man of Burgin, who brought the buyer here Saturday to see the magnificent animal, and the deal was quickly consummated.

DEATH SHOCKS MANY FRIENDS

Miss Lou J. Grant, I. J.'s Correspondent, at Lancaster Passes Away.

The Interior Journal and her host of other friends were shocked to learn of the death of Miss Lou J. Grant which took place at her home in Lancaster Sunday morning. Miss Grant had been in ill health for some time but her friends and loved ones did not suspect that the end was so near. She had been a sufferer from heart trouble and lately a grip victim. For years Miss Grant had corresponded for the I. J., from Lancaster, and her weekly letters were looked forward to and appreciated by this paper's host of friends here as well as in Garrard. She also corresponded for a number of daily papers and had a "nose" for news that made her one of the best county correspondents in Kentucky. The deceased was a member of one of the most prominent families of Garrard, a noble Christian woman, beloved by all who knew her, with ever a kind word for all. She will be sadly missed indeed, and the I. J. joins with her host of friends and loved ones in tendering its sincerest sympathies and condolences to her family. She is survived by two sisters, Misses Ida and Lily Grant and a brother, Dr. Grant. Funeral services will be conducted Wednesday morning at 10:30 o'clock, conducted by Rev. H. S. Hudson, Internment at Lancaster. The pallbearers will be R. L. Elkin, J. E. Stormes, Fisher Herring, T. J. Price, J. R. Haselden and F. P. Frisbie.

FORMER LINCOLN LADY DEAD.

Messrs. Henry F. and W. D. Newland, of the East End, returned from Somerset Monday, where they went to attend the burial of their sister, Mrs. T. J. Curtis, who died on Saturday of a complication of troubles, aged 57. She is survived by her husband, also formerly of this county, and six children, three of whom are married. The Curtis family left this county many years ago and have made excellent citizens of Somerset since. Mrs. Curtis was a devoted member of the Methodist church and a most excellent woman. The funeral was preached at the Methodist church by the pastor at 2:30 Sunday afternoon and the burial followed in the cemetery there. An immense crowd attended the funeral and accompanied the remains to their last resting place.

HORSES SCARCE AT LANCASTER

A great big crowd was at Lancaster Monday, which was Horse Show Day. Like it had been here two weeks previously, however, the show of horse stock was not up to the standard, only three or four saddlers being shown, a couple of roadsters and a couple of Percherons. Trading was very good all day, however, the demand being mostly for horses and mules. Several mule buyers were on hand and the hybrids changed hands readily. There was little cattle on the market. "Uncle Jimmie" Roberts, of Pulaski, took a drove of calves through and sold them well. There were more automobiles shown by agents than fine horses and several sales reported.

PARDON FOR REV. MIRACLE

E. L. Miracle, of the Mason's Gap section, has just received the good news that his brother, Rev. H. C. Miracle, a well known Baptist minister of Bell county, has received a pardon from Gov. Stanley. Rev. Miracle was convicted in February of conspiring and sentenced to serve a year. According to the record of Miracle's boys had a battle with the Thompsons over a cow. The Miracles paid fines of \$500 for shooting and after a few years charges of conspiracy were revived and Miracle convicted. It is believed he had nothing to do with the trouble.

Crab Orchard.

Rev. Wyatt, of the Christian church, visited the school at chapel hour Monday and gave a very helpful talk which was appreciated by both teachers and pupils.

Supt. U. G. Hatfield went to Louisville last Thursday to attend K. E. A. The other members of the faculty visited their homes.

Bennie E. Duke, who has made the best average grade in his classes during the High School course will be valedictorian of the graduating class this year. Eugene Edmiston, who is a close second, will be salutatorian.

The commencement exercises will be held the week beginning May 14 and some interesting exercises will be held.

Suit was filed in the Franklin Circuit Court by Sheriff Tom Logan, of Hopkins county, and J. B. Jones of Pulaski, to require State Auditor Greene to pay them 10 cents a mile each way for conveying prisoners to the State penitentiaries. Greene interprets the law to mean that the Sheriff shall be allowed 10 cents a mile one way for bringing prisoners to the penitentiaries. Heretofore the Sheriff has collected 10 cents a mile each way.

MONTGOMERY'S HAT IN RING

State Senator From Casey County Announces as Candidate for Congress in Eighth District.

The Interior Journal is authorized to announce Hon. Charles F. Montgomery, of Liberty, Casey county, as a candidate for the Democratic nomination for Congress, in this, the Eighth district of Kentucky, subject to the primary to be held the first Saturday in August. In making this announcement, Senator Montgomery is responding to the solicitation of prominent Democrats all over the district that he stand for the nomination, as well as a laudable ambition to represent the 11 counties of this splendid district of Kentucky in the halls of congress. His friends say he has been assured of the support of a splendid organization in every county of the district, and that he starts with the enthusiastic support of a majority of the men who have won Democratic victories in the counties of the district in recent years.

Senator Montgomery is already well known over the counties of the Eighth district. He has served four years as State Senator from the counties of Casey, Boyle, Lincoln and Garrard, and those who have examined his record with a critical eye say that it is without a flaw, in that he has always been found voting for fundamental democratic doctrines, and always with the best interests of the people and the wishes of his constituents constantly in mind.

Senator Montgomery is one of the younger Democratic leaders of the state with whom rests the future of that party. Born in Lincoln county, the son of a beloved Christian minister, Rev. J. Q. Montgomery, he moved with his father to Casey county when a child, where he has since made his home. After graduating from Transylvania University and studying law at Washington and Lee University, he entered upon the practice of law at Liberty, and has made a signal success in his profession. He is a splendid speaker, convincing and keen in oratory, and he will be heard and judged from the stump all over the district in this campaign.

Up until a few years ago Casey county, his home, was in the "bloody" Eleventh district, hopelessly republican, and the metal of which democratic workers had to be made in combatting the republican hordes had to be staunch indeed. Several times under the leadership of Senator Montgomery the Democratic banner was carried to victory over the normal republican majority of 500 in Casey. He was himself elected County Attorney, and later led the ticket to victory in the county judgeship and county attorney races at the time he was the party's nominee three years ago. He knows what it is to fight for what democrats want and his friends say he will make just that sort of campaign for the nomination and if nominated, will carry the Eighth district over the common enemy of an old-time majority, in November.

Senator Montgomery has been a staunch supporter of President Woodrow Wilson at all times, is fortunate in never having been embroiled in factional fights which have often hurt the party, and is in every way remarkably well qualified to carry his party's banner to victory and then to most ably represent his people in the congressional halls.

RESOLUTIONS OF RESPECT.

Whereas, it has pleased Him that doeth all things well, to remove from our midst our dear beloved brother, R. J. Hogue. Therefore, realizing that at all times His will should be our pleasure,

Be it resolved, First, that we humbly bow to His will and say Thy will be done. Knowing that all things work together for good, to those that serve the Lord.

Second, that the Pleasant Point Baptist church and Sunday school, including the entire community, has lost one of its most useful and beloved men and that a place is vacant in our church and Sunday school that cannot be filled.

Third, be it resolved, that a copy of these resolutions be sent to the bereaved widow, a copy spread on the minutes of the Pleasant Point Baptist church and a copy be sent to the Interior Journal for publication.

E. G. Gilliland, S. C. Alford, J. T. Brown, deacons; J. A. Johnson, A. G. Dunlap.

Dr. William J. White, noted surgeon and trustee of the University of Pennsylvania, died Monday.

Senator Charles F. Montgomery.

MAY BLOCK OIL DRILLING

Operators Want to Drill for Oil But May Be Prevented.

The cupidty of a few owners of some knob land below town may prevent drilling tests being made for oil in that section by Indiana parties who have the matter under consideration. Frank Coss, of Greencastle, Ind., was here last week with Mayor A. B. Florence, looking over the local field. He plans to put several rigs to drilling test wells if options can be secured on a sufficient acreage in the section which is believed to show best signs of oil, below town. Nearly all of the property owners seen by Mr. Florence have readily signed options to permit drilling on their farms, but a few are holding out for exorbitant charges, and this may block the whole scheme as the oil operators will not drill unless they secure the acreage desired unhampered. Everyone believes that oil is sure to be located in that section as such unmistakable signs were shown when wells were drilled a number of years ago. The high price to which oil has advanced has caused the big operators to prospect for it in all directions and wherever favorable prospects are shown. All who have investigated this county, are satisfied that there is a great pool of oil located somewhere under Lincoln county and the only problem is to locate it.

LATEST FROM MEXICO.

Reports from Gen. Pershing Monday indicated that Francisco Villa had been located again, this time west of Parral, in the mountains of Western Chihuahua. He was last reported at Nonoava, 85 miles south west of Satevo. The reports indicated that Villa was wounded, but only slightly, and that he was far from being incapacitated. Gen. Pershing regarded the information that Gen. Pershing had secured as authentic. No troops have been sent in pursuit because, it was said, such a campaign could be successfully conducted only after many more troops had been sent into Mexico. Unofficial reports Monday indicated that Gen. Carranza had sent gradually into the north an army much larger than that of the American forces, and that a great part of it is in a position to conduct a pursuit of Villa and his scattered organizations.

Gen. Carranza has agreed to a conference between Maj. Gen. Scott and Gen. Obregon. Ambassador Desiginate Arredondo, so informed Secretary Lansing late Monday and said the conference would be held either at Juarez or El Paso as soon as Gen. Obregon could reach the border.

LATEST WAR NEWS.

The American Ambassador in Berlin and the German Imperial Chancellor have held an extended conference, presumably concerning the American note to Germany demanding an immediate cessation of Germany's present methods of submarine warfare. The Chancellor, according to a Berlin dispatch, will again proceed to the German headquarters and discuss the situation with Emperor William before Germany's reply is sent to Washington.

Artillery bombardments have been in progress on the French and Belgian lines, the Germans being aggressive in the former instance and the French in the latter. French aerial squadrons have dropped large numbers of shells at Longuyon, Stey, Dun and near Montfaucon.

Fighting between the Russian and German-Austrian forces has continued with no important changes. The same is true of the Italians and Austrians.

Sir Roger Casement, whose disloyalty to Great Britain had been under investigation, was captured from a German ship that attempted to land arms in Ireland.

THE I. J. AT CRAB ORCHARD.

Mrs. Bettie Buchanan, who has been the I. J.'s efficient correspondent at Crab Orchard, for several years, has arranged to represent this paper for the collection of subscription and other accounts and will likewise take orders for advertising and printing of all sorts. In the future the I. J. will not be sent unless payment of subscription is made in advance for a year, so that its host of readers in the East End should see Mrs. Buchanan at once and keep their subscriptions paid up so as not to miss an issue, for all papers will be stopped henceforth, as soon as the time for which they are paid, expires.

HIGH SCHOOL BEATS CENTRE

Varsity Team From Danville Taken Into Camp by Local Lads in Nice Ball Game By 9 to 5

In the finest sort of ball game, which a big crowd of fans witnessed notwithstanding the chilly wind which blew all Friday afternoon, the Stanford High School base ball team decisively defeated the Centre College Varsity nine here by a score of 9 to 5. It was a great and exciting game from start to finish, and the victory of the local school boys over the collegians was completely decisive. There were no flukes about it. Our boys outbatted, outfielded and outplayed the visitors from start to finish, notwithstanding the fact that by age and experience and in size the collegians were evidently ahead of the school team.

With their regular line-up in the field, at every point except in the box, the visitors did not outclass in a single department the work of the high school boys. Rogers, Centre's regular first pitcher was out of the game, having pitched a day or so before and was saved for a game early this week. His place was taken by Akers, who is said to be the regular first baseman. Littick, the C. U. baseball and football coach, played first, however. As a first baseman he would make a fine "barker" for some good side show. Akers displayed a nice fast ball, good control and pitched a fair sort of game, but was up against as classy a bunch of high school hitters as probably can be found on a diamond in Kentucky this season.

The Stanford High put its regular nine in the field with the exception of the battery. Wesley Embry, who is working in the office of the State Superintendent of Public Instruction, came home to pitch the game for the school boys, and was caught by Mike Penny, who has been working in his father's drug store since his school days, and had not had a day's base ball practice in over a year. Both showed that they have not lost their skill, however, and contributed largely to the victory. The collegians were only able to garner four safe hits off Embry's delivery, and with the exception of the fifth inning, and a slight let-down at the beginning of the ninth, he was their master at all stages. It was really quite a day for the Embry family, for the pitcher's two kid brothers, Sam Embry, Jr., at first base and Joe Embry, Jr., in left field, showed some base ball of big league calibre, both on offense and defense as the box score will show. All of the home boys were on their toes after their first "buck" after being faced by a real college team, had passed away. "Stiff" Noe in right field was a real star both in the field and at the bat, while Dozier's work around short was about the classiest seen here. In fact each and every one of the school boys deserves the highest credit for the game he put up. It was a great feather in the cap of Stanford High.

Stanford started scoring right off the reel. Joe Embry lead off with a single, took third on Dozier's two-bagger and scored when Turley led the ball get away from him, Dozier pulling up at third where he scored on a fielder's choice.

Our Boys scored two more in the third on hits by Perkins and Sam Embry and a couple of errors by the visitors.

Wesley Embry had pitched great ball for four innings, only 13 men facing him, and not a sign of a hit being made off him. Centre tied it up in the fifth. Cloyd was safe on Perkins' error, went to second on out by Bruner and scored on Akers' hit; Allen walked; Adkins hit over second, scoring Akers; both men advanced a base on Turley's out and scored on Littick's drive to center; Schaff walked, but Hill ended the inning with a roller to Dozier.

In Stanford's half of the fifth, Noe hit to center and went to second when Turley dropped Shanks' third strike. Shanks ran for Noe, stole third and scored when Turley let Penny's third strike get by him.

Centre had a chance to tie things up in their half of the seventh. Allen was safe on Perkins' wild heave to first, and was safe on Adkins' tap to Gozer; Turley fanned; Embry purposely passed Littick to get at Schaff who hit into a double play, Dozier to S. Embry to Perkins.

Stanford scored another in the seventh. Perkins was safe on Allen's error; went to second on Sam Embry's out, and scored on Noe's hit to center.

The local boys put the game on ice in the eighth. Penny was hit by pitched ball, went to third on W. Embry's third hit and Sam Embry brought both of them home with a line drive to center, and scored himself a few minutes later on Perkins'

triple to right. Perk was out on an attempt to steal home.

Thing looked a little dangerous in the ninth when Embry walked Rogers, first man up, who scored on Adkins' long two-bagger; but that ended the scoring, as the top of the visitor's batting order went out on easy infield chances.

IMPORTED BLUE ORPINGTONS

Received by Lombardy Heights Farm Direct From England.

A cock bird and two hens of the Blue Orpington strain, which is something new among chicken fanciers, were received by John O. Reid, proprietor of Lombardy Heights Poultry Farm, of this city, Sunday, the birds being a direct importation from England. Mr. Reid, who is always on the lookout for the latest and best for his host of patrons, made the importation with two other big national fanciers, being determined to secure the birds direct from the fountainhead. His trio arrived in splendid shape considering their long journey and are quite an addition to the Lombardy Heights collection of feathered blue bloods. Mr. Reid has now in press a very handsome poultry catalogue and mailing list, which he will soon mail out to his customers. It is profusely illustrated with scenes of his yards and will undoubtedly be sought for with unusual interest by fanciers and all others interested in fine poultry. Mr. Reid is being kept busy filling orders for eggs from his different yards the orders coming in from all sections of the country. He has built up a great business in pure bred poultry and his immense plant must be seen to be appreciated.

SENATE ACQUITS JUDGE WILLIAMS

McCreary County Judge Freed By Several Close Votes—Trial Costs About \$12,000

Frankfort, Ky., April 25.—The Kentucky Senate Monday afternoon failed to impeach County Judge J. E. Williams, of McCreary county, and he goes acquitted of the charges preferred against him by the House. The Senate came within one vote of finding him guilty on the second article, charging that he issued a warrant and caused the arrest and imprisonment without an affidavit of J. A. Geary, R. C. Sievers, Democratic county campaign chairman; C. E. Cain, J. C. Roberts, W. S. Gilreath, Democratic county election commissioner, and W. F. Hinkle, who were on guard about the county clerk's office where the ballots were kept the Friday night following the last November election.

On that charge 23 Senators voted to find him guilty and 12 not guilty. The nearest they came to impeachment after that was on Article 13, charging him with collecting the fees of Ed Hogue and failing to report it to the circuit court; Articles 18 and 20, charging him with selecting jurors for the purpose of favoring one side in the cases. The vote on these articles stood 21 to 14. Articles 5, 6, 7, 8, 9, 10 and 19 were dismissed unanimously, and on the other articles the vote varied, sometimes a majority being one way and sometimes the other.

On Articles 3 and 4, charging Williams with suspending fines, Senator Ford voted alone for impeachment. The vote came rather unexpectedly shortly before 6 o'clock. The Senate had been in executive session, discussing the charges, but the vote was taken with open doors.

The Senate has been in session since April 10, and it is estimated that the total cost of the trial will be close to \$12,000. Under the statute, throwing the defendant's costs on the petitioners, suit probably will be filed against John A. Geary, Dr. R. C. Sievers, Dr. C. E. Cain, P. M. Stephens, J. C. Roberts, W. F. Hinkle, J. R. Bruce and Logan Bryant in behalf of Judge Williams, his attorneys said.

FOR CONGRESS

CHARLES F. MONTGOMERY

Notices of raises in wages were announced by the Fall River Print Works, the Monadnock Mills at Claremont, N. H., and the Tidewater Oil Company at Bayonne, N. J. Too bad on the republicans. What will they do for their usual panic cry at election time? Prosperity is rampant over the country with a big P and Woodrow Wilson is just as much responsible for it as ever a republican president was for whatever measure of good times prevailed during his administration.

The Falmouth Outlook advertises Pendleton as the sweet cover county. It would be hard to say just how Lincoln could best be advertised its products are so numerous and varied. We who live here all know it is the best country county in the state, but the I. J. very shortly is going to take the trouble to enumerate some of its advantages and reasons why every citizen should be proud to claim it as his home.

This is Pay-Up week and the business men report that their customers seem to be well pleased with the idea, and a great many old accounts are being settled up. A very small amount of money can be used to go a long way if it is put in circulation.

With wool selling at 40 cents, cattle and hogs way up what possible argument can the republican find to try to fool the farmer vote with this fall?

Splendid for Rheumatism

"I think Chamberlain's Liniment is just splendid for rheumatism," writes Mrs. Dunburgh, Eldridge, N. Y. "It has been used by myself and other members of my family time and time again during the past six years and has always given the best of satisfaction." The quick relief from pain which Chamberlain's Liniment affords is alone worth many times the cost. Obtainable everywhere.

Preachersville

We wish to speak a word against an error of writers and typographers in general, common to every press in Central Kentucky. Up-to-date spelling is all right and proper, but when good proper names are tampered with, it is time to call a halt. In latter years it is common to see Dick's river spelled Dix river. This is a mistake. Inspection of early records in this section of the state, all literature both historical and geographical, are unanimous in spelling it Dick's river. We investigated and found that the river was named by Col. Ben Logan, of Logan's Fort, now Stanford, for his reliable body servant, Dick, a negro man.

Miss Lillie Ballard is at home from school at Williamsburg.

We regret the appearance in our column last week of a most egregious error. Thinking our information correct as it came from reliable sources, we are now informed it was a fabrication of falsity foisted on these good people by a skillful weaver of tangled webs. A lie will out. F. F. and Samp Cummins are building a veranda for J. M. Cress. J. M. Cress and wife visited their son, Joe, in school at Nicholasville. Rev. McCannha will be here on the fifth Sunday to preach at the Baptist church. He is a student at the Theological Seminary at Louisville.

Owen Duvall is reported better. Mr. and Mrs. J. W. Aker have gone to Lancaster to reside.

Woodson Carpenter is able to be out again.

Miss Catherine Melvin is at Crab Orchard to visit Mrs. L. L. Sanders. Mrs. B. T. Lunsford continues quite poorly.

Born to the wife of B. I. Blankenship, a fine son. (Congratulations, Irvine.—Ed. I. J.)

Hastonsville correspondent, don't brag about your poultry prices. Last week eggs here soared to 18 cents, 14 cents for chickens and other produce to corresponding prices. Eggs reached 30 cents here once this past winter.

Mr. Went-And-Cut-It —Here's Mr. 'Gets-It'

The New Plan Corn Cure That's as Sure as the Rising Sun.

"Glad to meet you" says the razor to the corn. "I'll bleed for you" says the corn to the razor. Razors and corns love each other. Corns love to be cut, picked, gouged, shaved, plastered and jerked out—they grow faster. Mr. and Mrs. Went-and-Cut-It realize it now—they use "Gets-It" instead—it's the wonderful, simple corn-cure that never fails. Stops pain. You apply out in 2 seconds, it dries at once, the corn is doomed. Nothing to stick to the stocking or press on the corn. It means good-night to plasters, salves, diggers, razors and toe-bundling. You can wear smaller shoes. Your corns will come right off, "clean as a whistle." Never inflames healthy flesh. The world's biggest selling corn cure. "Gets-It" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill.

Sold in Stanford and recommended as the world's best corn remedy, by the Lincoln Pharmacy.

HUSBAND OBJECTS TO OPERATION

Wife Cured by Lydia E. Pinkham's Vegetable Compound

Des Moines, Iowa.—"Four years ago I was very sick and my life was nearly spent. The doctors stated that I would never get well without an operation and that without it I would not live one year. My husband objected to any operation and got me some of Lydia E. Pinkham's Vegetable Compound. I took it and commenced

to get better and am now well, am stout and able to do my own housework. I can recommend the Vegetable Compound to any woman who is sick and run down as a wonderful strength and health restorer. My husband says I would have been in my grave ere this if it had not been for your Vegetable Compound."—Mrs. BLANCHÉ JEFFERSON, 703 Lyon St., Des Moines, Iowa.

Before submitting to a surgical operation it is wise to try to build up the female system and cure its derangements with Lydia E. Pinkham's Vegetable Compound; it has saved many women from surgical operations.

Women Sufferers Need Swamp-Root

Thousands upon thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased. You may suffer a great deal with pain in the back, headache, loss of ambition, nervousness and may be dependent and irritable.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, restores health to the kidneys and is just the remedy needed to overcome such conditions.

Get a fifty cent or one dollar bottle immediately from and drug store.

However, if you wish to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Stanford semi-weekly Interior Journal.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

THE FAT AND THE LEAN.

The lean old man ordinarily has a much better chance to survive than the fat old man. In the case of the fat man, the muscles have been replaced to a large extent by fat; he has increased his load and decreased his power to carry it. If you wish to postpone old age, you should try to avoid getting too fat. Ordinarily, it is a mere question of diet. Nearly

every fat person declares himself to be a small eater; but the fact is that fat people usually are big eaters; if you take notice, you will see that the things of which they partake most largely at the table are of the most fattening kinds--such as potatoes, bread, cereals and sweets. A fat person pants for breath in climbing a flight of stairs. It is because his heart is so incased in fat that it performs its function with difficulty. The kidneys and other organs are similarly surrounded by fat, which interferes with their activity. Accordingly, the body of a very fat person cannot be regarded as a normal body; it is a machine of low efficiency and will not endure severe taxing of Youth's Companion.

Remedy Prescribed By Many Doctors

COMPOUND OF SIMPLE LAXATIVE HERBS PROVES MOST EFFICIENT.

Dr. W. A. Evans, writing for the Chicago Tribune, makes the assertion that practically everyone, at some time or other, suffers from constipation. This applies regardless of age or condition in life.

The congestion of stomach waste in the bowels is evidenced in various ways; bloating, eructation of foul stomach gases, sick headache, languor, all indicate constipation, and call for prompt attention, not only to relieve the present discomfort but also to avoid possible disease that follows neglect of this important function.

Harsh cathartics and violent purgatives should not be employed, as these afford only temporary relief, while they serve to shock the entire system. A mild laxative such as Dr. Caldwell's Syrup Pepsin is far preferable and is now the remedy generally used and prescribed by many doctors. It is free from opiate or narcotic drugs, acts easily and pleasantly, without griping or other pain and is a safe, effective family remedy.

Mr. Chas. Schell, 132 Church St.,

MR. CHAS. SCHELL

Grenada, Miss., writes that he found relief himself by using Dr. Caldwell's Syrup Pepsin and now keeps it on hand for family use.
